EVOLVE

Leadership is a covenant between those who seek to lead and those who choose to follow that allows both to achieve goals neither could realize on their own. For leaders to earn the trust and respect of followers that's needed to create and maintain this covenant, leaders must develop into the most competent, honest, caring, and dependable versions of them, i.e., they must "evolve."

ENGAGE

Leaders need followers. Once a leader has the capacity to earn and keep the trust and respect of followers by evolving over time into the "best" versions of themselves, leaders need to gain and keep the willing cooperation of followers to achieve a mutually-beneficial goal. This is accomplished by involving followers in efforts that lead to desirable outcomes.

EMPOWER

Ultimately, leaders are only as effective as their followers. Consequently, leaders invest heavily in helping followers maximize their strengths and managing their weaknesses.

YOU KNOW WHAT THEY SAY

Employees don't leave their job, they leave their boss.

In 2023 this remains the case according to an article published by Go Partners on LinkedIn earlier this year. Out of their top 5 reasons—a lack of strong management and feeling unappreciated was the top reason employees left their job.

1

More often wrong people are promoted to leadership positions. And these bad managers usually do not offer any feedback, appreciation or coaching, and they have no idea how to guide their employees. A good manager should help people find the proper behavior and guide them through the task rather than ordering them what to do.

If leadership is on the top of your list, too, then consider our open-to-public or customized courses. These engaging sessions focus on the tools and skills necessary for your team members to evolve, engage and empower themselves and those around them. Questions on how we can help you keep your employees from running out the door? Contact Dana Meyers at dmeyers@southeast.edu.

Mah-Jongg Strategies

So you know the basics of Mah-Jongg but are looking for some good playing strategies. Join us for this Mah-Jongg class which includes both strategies and play. Strategies will focus on: power tiles, what to keep and what to pass during the Charleston, what to discard, identifying "safe tiles" and "hot tiles," reading exposures, changing your hand, and which hand to choose.

Please note that this is not a "how to play" Mah-Jongg class. You should already know the basics and are looking for strategies to help improve your play.

Credit Classes Offered at All Learning Centers

Are you thinking of starting or continuing college?

Credit classes are delivered via technology to the Learning Center classrooms. Students can participate in the class like any student in the originating classroom. Each class offered at the Learning Centers meets the requirement at SCC for general education classes for an Associate degree and/or a prerequisite class for a Health program. Check with your academic advisor on your degree plan.

Do you want to take a credit class that isn't scheduled for your Learning Center?

SCC received a USDA rural development grant which included robots. The robots enable students in the Learning Center service area to attend class on one of the SCC campuses via robot. The robot is operated by the student via a computer using a few keys. Contact your Learning Center staff if you would like to register to take a class by robot.

The student is entitled to a 100% refund for any non-credit class if the class is dropped the day before class begins. If a student drops a class the day class begins or after, there will be no refund.

For Credit Classes cancellation/refund policy, visit southeast.edu/withdrawal-refunds-returns.

Failure to attend classes does not constitute a drop or withdrawal. "No Show" students will be billed and held responsible for full payment of the tuition and fees for the classes they are registered for because the "no show" student did not drop the class online using Web Advisor or with an "Official Drop/Add Form For Classes" within the designated refund period.

General College Policies

ADA Reasonable Accommodations

SCC provides services and reasonable accommodations to allow persons with disabilities to participate in educational programs and other College activities. For information on requesting ADA reasonable accommodations, contact the SCC Area Access/Equity/Diversity Office.

Social Security Number

The College requests, but does not require, a student provide their Social Security number during the admissions process. Students who do not provide a Social Security number during the admissions process will be required to provide one for Federal Student Aid.

Students who do not have a Social Security number or Tax Identification Number are eligible to take classes and be admitted to a Program of Study; however, students should be aware that they may not be able to complete specific courses.

A student's Social Security number information constitutes an "educational record" under FERPA. The College will be privileged to re-disclose that information only with the consent of the student or in those very limited circumstances when consent is not required by FERPA. Questions regarding Social Security or tax ID numbers should be directed to the campus Registration and Records Office.

FERPA

SCC has developed policies and procedures in compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974. The rights accorded students shall apply to all students 18 years of age or older, or no longer dependent upon their parents; students in a postsecondary education program, regardless of their age; and parents of eligible dependent students. All requests for student records and information must be in writing and directed to the campus Student Services Office. Questions relating to the release of records and information should be directed to the campus Student Services Office.
